## SKILLS

**PROGRAMMING LANGUAGES** | Dart • Python • C

**FRAMEWORKS & LIBRARIES** | Flutter • Flarum • Provider • Riverpod • Async/Await • Futures

**TOOLS & PLATFORMS** | Firebase • AWS Amplify • Android Studio • Java • Visual Studio Code • Google Apps Script • Git • Trello • Bitbucket • Play Store • API

**SOFT SKILLS** | Team collaboration • Problem-solving • Time management • Readable Code • Code refactoring • Responsive design

## PROJECTS

[IncognoChat](#) | Open-source, Riverpod-managed Flutter chat app  
Prioritizing user anonymity

- Developed a cross-platform chat application using Flutter.
- Implemented Firebase as the backend service for real-time data synchronization.
- Utilized Riverpod for efficient state management and enhanced app performance.

[File Corrupter](#) | Open-source Flutter app for humorously corrupting files for pranks and deadline extensions

- Created using the Flutter framework as part of Harvard's CS50 final project.
- Designed to manipulate copies of files to generate corrupted versions, ensuring user-friendly design for ease of use.

[Universitetim](#) | Online forum for Azerbaijani university students

- Utilized the Flarum framework to set up the forum website.
- Managed the setup of domain and hosting infrastructure.
- Translated the majority of Flarum's interface into Azerbaijani, contributing to the open-source project.

[JSON Translator](#) | Python script for translating JSON files to support project localization

- Developed a versatile Python script capable of translating JSON files.
- Integrated support for multiple translation services.
- Facilitated the localization of various projects through automated translation processes.

## EXPERIENCE

[EcoHub Azerbaijan](#)

Flutter Developer | Mar 2023 - Sep 2023

- Developed EcoApp, a cross-platform mobile application for plastic collection.
- Utilized AWS Amplify for scalable backend services, improving data synchronization speed by 20%.
- Collaborated with cross-functional teams to meet client requirements and enhance product value.
- Suggested and implemented new technologies, reducing app loading time by 15%.
- Managed project tasks using Trello and conducted version control with Bitbucket.

[Numberlist](#)

Co-Founder | Dec 2019 - Present

- Designed and implemented a Native Android application for managing phone numbers for sale.
- Developed and optimized APIs using Google Apps Script to extract, manipulate, and update data from Google Sheets.

## CERTIFICATIONS

**CS50X: CS50'S INTRODUCTION TO COMPUTER SCIENCE**, edX, Apr 2024

**FLUTTER & DART - THE COMPLETE GUIDE [2024 EDITION]**, Udemy, Apr 2024

**BASICS OF MOBILE COMMUNICATION**, Nar (Azerfon), Apr 2024

**INTRODUCTION TO ENTREPRENEURSHIP**, IE Entrepreneurship & Innovation Center, Jun 2023

**PARTICIPATION AT THE BAKUTEL 25**, Caspian Event Organisers, Dec 2019

## EDUCATION

**AZERBAIJAN TECHNICAL UNIVERSITY (AZTU)**

Bachelor's degree in Radiotechnology and Telecommunication Engineering (English Education) | Sep 2022 - Jun 2026  
GPA: 4.0

## LANGUAGES

**ENGLISH** | Professional working proficiency

**AZERBAIJANI** | Native or bilingual proficiency

**TURKISH** | Native or bilingual proficiency

## HOBBIES & INTERESTS

Nature walking • Investigating cybersecurity flaws & New technologies • Science • Rock and Metal music • The Smiths • Movies & Series
